

Flash Breaker Tape

Flash Breaker Tape is a blue translucent polyester multipurpose tape coated with a pressure sensitive silicone adhesive for use in oven or autoclave cures up to 350°F (176°C). This multipurpose tape is used in composite bonding as well as in composite bagging operations. The tape can be easily removed after cure.

Physical Properties

Width	1"
Thickness	.003"
Roll Length	72 Yds.
Backing Material	Polyester Film
Backing Thickness	.001"
Adhesive	Silicone
Adhesive Coating	Single Faced
Color	Translucent Blue

Technical Properties

Adhesion to Steel	25 oz. in ²
Tensile Strength	24 lbs. in ²
Temperature Range	-163°F to 350°F
